

Engineering Brain Injury Solutions

Research symposium jointly hosted with the College of Engineering

Join us to develop collaborative research between researchers in brain injury and engineering

REGISTER NOW AT go.osu.edu/brainengineering

Jinghua Li, PhD
Assistant Professor
Materials Science & Engineering
Implantable neural devices

Jaclyn Caccese, PhD
Assistant Professor
Health & Rehab Sciences
Assessing injury biomechanics

Andrea Tedeschi, PhD
Assistant Professor
Neuroscience
*Delivery of neurotrauma
therapeutics*

Eduardo Reategui, PhD
Associate Professor
Chemical and Biomolecular Engineering
*Molecular characterization of
inflammation*

June 9, 2023
Pomerene Hall
Ideation Zone

11:00AM
Invited Talks & Lunch

11:45AM
Guided Discussions

12:30PM-2:00PM
Trainee Talks,
Posters &
Networking
